DEDICATION

To you, Randall R. Ray, we humbly dedicate our yearbook as a tribute to your sincere interest in us. Your ability to talk to us on our own level and the time you have sacrificed for us will always be remembered and greatly appreciated. Because of your patience, guidance, and understanding, we, the class of 1966, do render this testimonial with pride.

THE PRINCIPAL'S ADDRESS

To be educated today cannot be accomplished by the accumulation of a great many facts and figures. Our society is changing rapidly, and the world in which you will live and work is not the same one in which you are being educated. John Paul Stapp, a well-known Air Force Colonel, has stated a philosophy which you might follow, if it is your intention now of someday being a vital part of the world of tomorrow which education will change, develop, and create.

To be educated is to have learned how to learn;
to have learned how to communicate learning;
to have learned how to translate learning into action;
to have learned how to create learning;
to have learned how to seek and understand truth.

THE MEMORIES WE LEAVE BEHIND...

During our years at Groveton High School, we have each matured intellectually, emotionally, and socially. Each of us has neared the completion of a four year period of growth and transition. Teachers, studies, activities, and friendships have added to our personal completeness.

As we look back upon our four years at Groveton High School, we realize that we will never be able to relive all those glorious moments. But we know that we can never forget the many fun-filled hours that we shared together with classmates and teachers. Working together with our class, participation in the various clubs and sports, and our memorable trips have all contributed to our ever-lasting impression of our days at G.H.S. Such distinguished social events as our Junior Prom, Senior Hop, and all our winter carnivals stand out vividly in our minds, and our accomplishments will always remain in our hearts with pride. As time goes by, we, the class of '66, will always cherish these memories we leave behind.

AFTER HARD WORK AND MANY MEMORIES, WE REACHED OUR DESTINATION. THE CLASS OF 1966 ENTERED GHS AS SENIORS.
